

Move to approve minutes

Sealed proposals? Starr explains meaning & discussion about need to make deeper inquiries, and fitting with town boilerplate text

Timeline - boilerplate verbiage allows for any and all proposals to be rejected

Include timeline for completion of project in proposal to influence decision, and include benchmarks

Howard suggests adding citizens/residents to patrons list on rfq

Howard suggests a Test-Driven method of web development, with incremental changes to also fix the current website at the same time as

Question of whether or not to add interim solutions to the rfp

Chloe will add a couple more point to rfq regarding

Language - proposed test/benchmarks

Incremental rollout - desire
