What you can do there

You can manage account features related to all the physical items you check out of the library: place holds, enable or disable a reading history log, make suggestions for purchase, create public or private lists, comment on titles, and more.

The library's digital services, such as databases, downloadable media, streaming video, and online courses, have their own separate logins—usually library card number. For details, see Databases and Digital Media on the website <http://brookslibraryvt.org>
