

Dig Into READING

Make a tool belt!

Fold the long brown paper in half lengthwise.

**Lay the black cord inside the fold then
glue the long brown paper together to make the belt.**

**Fold the brown construction paper in half
then fold down the front flap about 2 inches.**

**Fold back the sides of the brown construction paper
and staple the sides closed to make the pocket.**

Staple the pocket to the belt.

Color and cut out the tools to put into your tool belt.
